**My Name:**

**My Partner's Name:**

**Directions:** Read your partner's scary character and setting vignettes out loud--quietly. As you read, stop and type comments about your partner's vignette by clicking on the pencil on the top right of the Google Doc; then, click on suggesting. Then, type your comments. All changes will show up so your teacher and partner can see revision and editing suggestions.

Remember that no one's writing is perfect. Everyone needs improving. Be helpful, honest, and kind.
